

# WATER SUSTAINABILITY POLICY

ENOWA will achieve the most ambitious sustainability targets for a water sector globally, going beyond circularity to maximize resilience and prosperity for NEOM’s environment, economy and society.

**Our core commitments are encapsulated in the following Water Sustainability Outcomes:**

 <p><b>PRODUCTIVE AND FINANCIALLY SUSTAINABLE SERVICES</b></p>	 <p><b>CARBON NEGATIVE AND CLIMATE RESILIENT SERVICES</b></p>	 <p><b>ENVIRONMENTALLY RESTORATIVE AND REGENERATIVE SERVICES</b></p>	 <p><b>HIGHLY EFFICIENT AND INTEGRATED SERVICES</b></p>
 <p><b>WATER POSITIVITY AND SERVICES THAT MOVE BEYOND CIRCULARITY AND MAXIMIZE VALUE FROM OUTPUTS</b></p>	 <p><b>FUNCTIONAL AND SOCIALLY SUPPORTIVE SERVICES</b></p>	 <p><b>SAFE, RELIABLE AND AFFORDABLE SERVICES</b></p>	 <p><b>INCLUSIVE AND ACCOUNTABLE SERVICES</b></p>

To ensure continued progress across all outcome areas, we will set targets and key performance indicators in our water sustainability implementation plan and will adopt a reporting system that supports transparency with all stakeholders.

This policy shall be reviewed regularly to ensure that our statement remains applicable and effective.
